"Three years ago I was taken sick with what the doctor called nervousness and indigestion," writes Mrs. Warren E. Parker, of Orange Street, Nantucket, Mass. "He gave me medicine for the trouble, but I could not eat even a little toast or oatmeal without suffering severely. It is few months I began to have distressing pains right in the pit of my stomach. I called the doctor again and he said I had catarrh of stomach; gave me medicine but it did not do any good. I lost 28 pounds in three months. I then commenced taking Dr. Pierce's medicines and soon began to feel better. I have taken six bettles of Golden Medical Discovery, two of 'Pavorite Prescription' and six vials of Dr. Pierce's Pelets. I have gained ten pounds. Can eat everything."

one hundred people who have heart trouble can remember when it was simple indiges-tion. It is a scientific fact that all cases of heart disease, not organic, are not only traceable to, but re the direct result of indi-gestion. All food taken into the stomach which fails of perfect digestion ferments and swells the stomach, puffing it up against the heart. This interferes with the action of the heart, and in the course of time that prescribes it daily and says there is no delicate but vital organ becomes diseased.
